

## Infant Program

Our infant program was designed to provide your baby with a loving, safe, nurturing and stimulating environment that will help aid in the development of your child's unique personality. This is where your child will begin to learn about and trust the outside world. Your baby will begin to cultivate a strong sense of self and be given the chance to form bonds with their peers.

Our educated and experienced staff will utilize Ohio's Early Learning and Developmental standards, along with Creative Curriculum, to develop activities to help your baby grow and flourish in the 5 essential areas of development. These areas include: Physical Well-Being & Motor Development, Social-Emotional Development, Cognitive Development and General Knowledge, Approaches Toward Learning and Language & Literacy Development. Our teachers use encouragement and praise as we strive to make your child's experience a positive and happy one while here at Kids Town!

### **Additional Forms Needed for Infants:**

CACFP Infant Meal Parent Preference Letter

Basic Infant Information

Infant Sleep Position Waiver
