

Dear Parents,

Rather than sending home weekly permission slips for walking field trips that (it is hard to plan for weather), this form includes **ALL** planned and spontaneous trips we might take. Our walks might include the following destinations: around the Kids Town building, the stores included in the shopping plaza, or the Susan Hambley Nature Center and surrounding area. The walks may also include crossing Center Road to the Brunswick Library, the Brunswick Rec Center, Brunswick's Kid City, or Towslee Elementary School's playground.

We will be equipped with a cell phone, emergency contact numbers, water and a first aid kit on all walking field trips. We discuss street safety with the children before all trips. If this makes you uncomfortable, arrangements can be made for your child to stay at Kids Town. Parents will be notified and an additional permission slip would follow for any trip where water is more than two feet in depth and is accessible to the children.

Please complete the appropriate section of this form and return. Please note this permission is only for walking trips. Individual permission slips will still be sent home for field trips that require transportation.

Thank you,  
Kids Town Teachers
